

Interested in a Robust Lathe?

We have been an authorized Robust dealer since 2011. Regardless of where you live, we can fulfill your Robust needs.

Why deal with us?

- Same prices as the factory
- Save 3%, if paying by check
- Tax is collected only from residents of WI
- Quicker delivery is often available (ask what we have in-stock or on order)!
- No surcharge on freight
- Free on-site* installation assistance!
- Talk directly with Don Geiger and benefit from his extensive knowledge as a woodturner when making your selection.
- Promptly receive a written quote, based on your selections.

We can provide references of other Robust lathe owners close to you. Often the owner will invite you to see their lathe in-person. We can also show you an American Beauty in our shop.

*For customers within a 200-mile radius from Gainesville, FL: Immediately following the delivery, we will come to your location, un-crate the lathe, remove it from the pallet, roll the lathe into position, adjust the spindle to an ergonomically suitable height for you, level the lathe and relax the bed. We will provide a thorough introduction to the controls, operation and maintenance of the lathe. We can provide limited on-site service if you have a problem.
